Dear Mr. Thorsson,

I hope this finds you well.

As you may remember we met a few weeks ago in the matter of Velfag, a company your ministry sanctioned a while ago.

I would like to ask you whether the possibility for a second meeting exists. The agenda of such meeting would be to get clarification and transparency with regards to certain contradictions of your statements in our last meeting (with regards to your frame of powers) and the ones of Arion Bank.

I would appreciate your availability for such a meeting.

Kind regards,

Ivan Kaufmann
